

Company Profile

Welcome to Living Classics! See how we turn our ideas into complete designs and realisations of automotive, marine and aviation interiors & exteriors. Our professional experience in design and production is a result of a long-term cooperation of an ambitious team whose aim is to create unique and outstanding solutions. Our projects are the essence of individual needs of our customers, as well as the creativity and experience of our skilled team of designers, artists and craftsmen. We encourage you to check out our offer dedicated both to the most demanding individual customers and corporations.

MERCEDES-BENZ SPRINTER, V-CLASS & CADILLAC ESCALDE BUSINESS VAN

A high-end van made for users who priorities comfort with a spot of luxury. The vehicle has undergone a complete exterior and interior conversion, including a new body kit, exhaust system and rims. The interior has been equipped with new upholstery, comfortable power seats, jewelry elements, modern lighting, and an audio system, as well as multimedia, meeting the highest expectations of a business user.

UNIQUE INTERIOR

THAT MAKE YOUR PERSONALITY

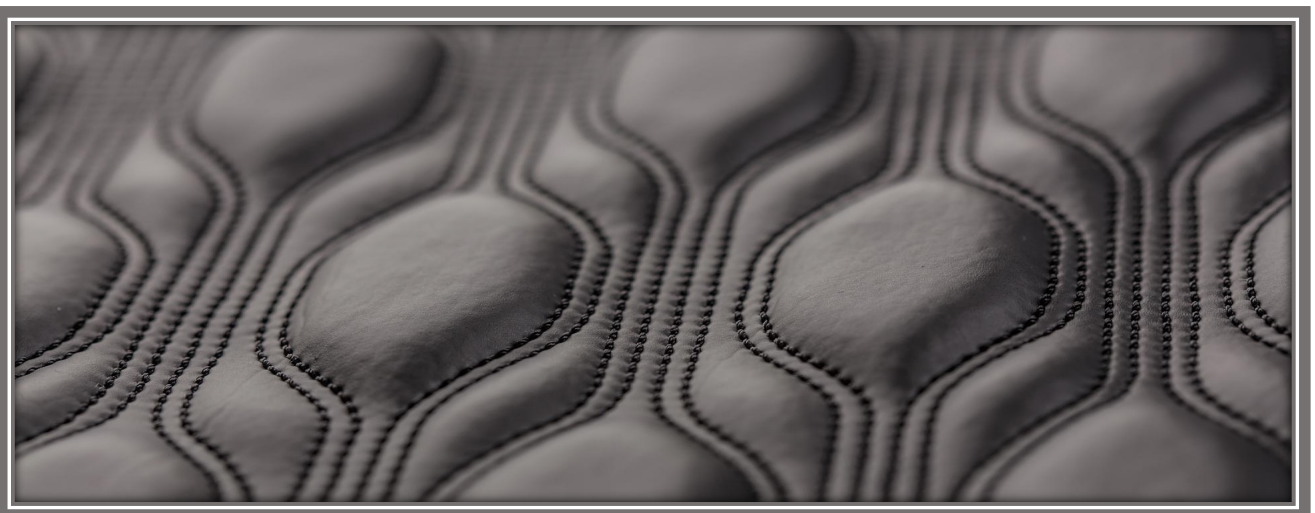

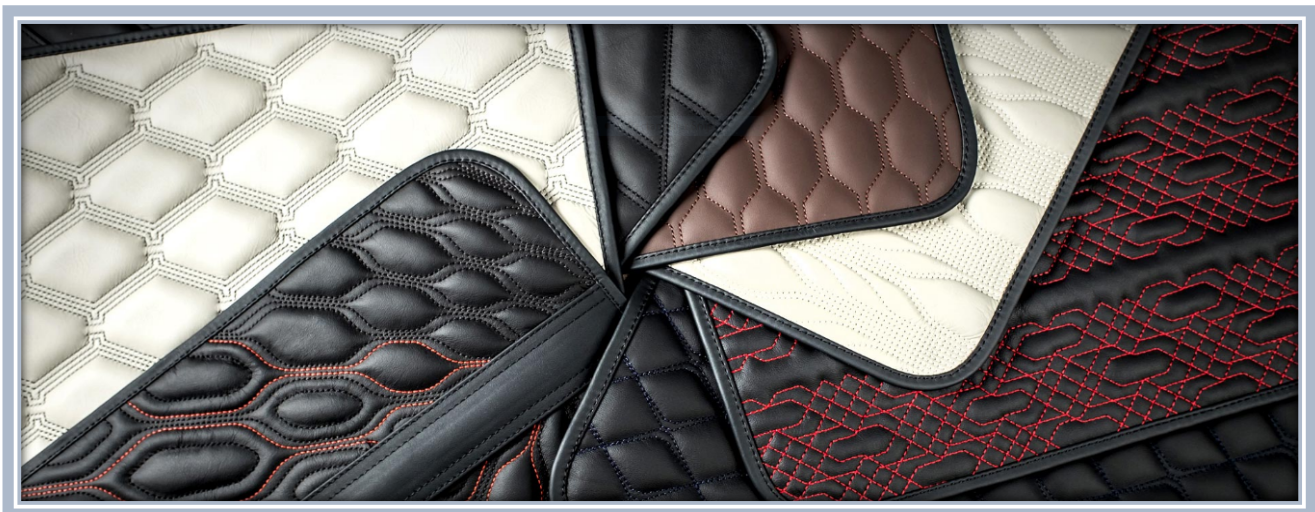

CONCEPT DESIGN

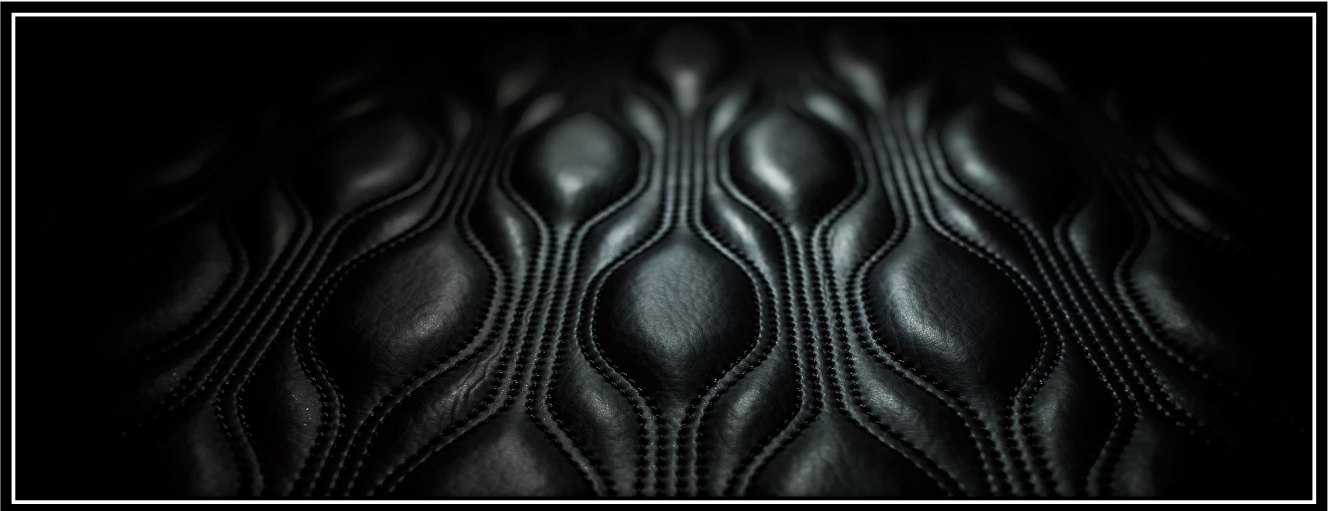

NEW PATTERN

Stitching Design

Exceptional design is one of our top priorities. Our designers constantly develop new patterns that are subsequently implemented in our unique vehicle interior realisations. Due to the fact that each vehicle has its own special character, creating new patterns is not only about aesthetics, but also a complex and thorough analysis of many important factors, whose result is a design both marking the car's qualities, and standing out among conventional solutions. Most of our patterns are patent, which allows us to make inimitable and bespoke projects for our demanding customers.

RESTORATION AND CUSTOMIZED FOR VINTAGE CARS

We invite you to come inside, browse, reminisce, dream or just plain kick some unique touches for your Vintage cars living classics will help you a full-service restoration shop, supplying the needs and desires of the antique, classic and special interest motor vehicle enthusiasts everywhere.
